

TIOGA METAL BUILDING HANDING CHART

Handing of doors and frames present a problem for many, even within the door industry. The below chart is designed to make your choice easy, reducing the chances of error.

At TELL MANUFACTURING, INC., our goal is to reduce problems that often arise for the builders / erectors. The TIOGA preassembled door system is a result of this effort. With complete factory assembly of all components — door, frame, sub frame and hardware — problems found during field installation are held to a minimum. Typical field installation is usually completed in under 30 minutes. Time normally added for the field installation of numerous options are now a thing in the past. We invite you to "experience the difference" of how the TIOGA door system can benefit your company.
