

TELSTAR DOORS

Pre-hung door and frame assembly

ENGINEERED DOORS FOR THE
MODULAR & CONTAINER
BUILDINGS

From schools to construction and industrial sites, **Tell** meets the unique access needs of modular construction, especially buildings that can be relocated and re-purposed. **Telstar**, our modular building door system, makes it easy to install, maintain and refurbish. The Telstar Door is some of the most specified doors in the industry, trusted for their security and durability.

We were established in 1986 and are headquartered in Lititz, Pennsylvania. During this time, we've built a lot of trust and relationships with customers because of our dedication and expertise in providing you with the best service.

We have 6 different distribution centers to service your needs wherever you are located. We have keying service capabilities in each location to provide customization to our orders as you need it.

Our product offerings include our Telstar door system and the vast selection of door hardware to meet your everyday need.

THERE'S MORE TO TELL ...

GALVANNEALED STEEL

Our metal doors and frames are made from galvanized steel.

What's galvanized steel and why?

We've all heard of galvanized steel. It's a process to create a corrosion resistant layer of protective zinc on steel. It's extremely common, durable, and reliable. Galvanized steel is different in that it is processed at a much higher temperature than galvanized steel. At the higher temperature, the iron in the steel combines with the projective zinc layer to create a zinc-iron alloy coating. As a result, galvanized steel is harder and stronger than galvanized steel, easier to weld and the surface is a matte finish that's more consistent and easier to paint on.

ABOUT OUR DOORS

Tell Manufacturing's Doors are designed to meet the architectural requirements for hollow metal doors. This premium door construction combines the strength and dimensional stability of steel with the structural integrity of the polystyrene core. The continuous bonding of core to metal provides an attractive flat door, free of face welding marks. To meet application, specification and performance requirements, the Telstar offers a wide range of specifiable options including sizes, glass lite designs, hardware preparations and edge constructions.

LITE KIT

We have an assortments of lite kites to choose from.

Let us know how you like the door.

Our lite kit frames are powder coated for improved corrosion resistance compared to conventional paint finishes. Powder coating is a process where charged powder is sprayed onto the grounded frames, binding evenly to the applied surface. It's then cured to create a robust surface finish that's durable and longer-lasting than conventional paint finishes.

TELL HARDWARE

Our selection of hardware gives you the security options you need.

Rest at ease knowing the door is secure.

Tell products are a smart way to minimize the risks of property damage and theft and help ensure safety in your modular buildings. For high-traffic, high-use applications, Tell locksets, door closers, exit devices and hardware are the right commercial solutions. Our products are proven performers, offering the ideal combination of quality, durability and security.

TELSTAR DOORS

Engineered for the Modular Building Industry

Tell's Telstar Doors are a pre-assembled 20 gauge hollow metal door and 16 gauge frame with exterior surface flange to fit your modular building needs. Our doors are manufactured from high quality galvanized steel with a polystyrene core and come factory assembled.

SPECIFICATIONS	TELSTAR PRO	TELSTAR
Rough Opening	▪ 38" x 81"	▪ 36" x 80"
Door Size	▪ 35 3/4" x 79 1/8" x 1 3/4" (3068)	▪ 34 3/4" x 78 5/8" x 1 3/4"
Exterior Surface Flange	▪ 40 3/8" x 83 5/8" 82 1/4" without threshold flashing	▪ 38 1/2" x 82 3/4" 81 1/4" without threshold flashing
Interior Wall Overall Frame Size	▪ 37 3/8" x 80 1/2"	▪ 35 5/8" x 79 3/4"
Pre-Hung Double Door	▪ 6' x 6'8"	▪ N/A

FEATURES

Assembly	▪ Pre-hung door and frame
Door	▪ 20 gauge galvanized steel ▪ 16 gauge galvanized steel
Frame	▪ Welded top corners ▪ ASA strike prep
Door Prep	▪ 161 lock with deadbolt prep
Hinge Prep	▪ 4 1/2" heavy-duty hinges ▪ Non-removable hinge pin
Closer Prep	▪ 14 gauge reinforced steel, standard
Threshold	▪ ADA compliant threshold, sweep and seal ▪ Flashing detaches for optional installation
Channels	▪ 16 gauge inverted top and bottom channel
Insulation	▪ Polystyrene core ▪ Off white
Paint	▪ Bright White ▪ Medium Gray Prime
Shipping	▪ In crates of 8

SPECIFICATIONS

Rough Opening ▪ 41 1/8" x 82 5/16"

Door Size ▪ 35 3/4" x 79 1/8" x 1 3/4" (3068)

Frame Dimension ▪ 41 1/8" x 82 5/16" x 3 7/8" Single rabbet

Weight ▪ 126 lbs

FEATURES

Assembly ▪ Pre-hung door and frame

Door ▪ 20 gauge galvanized steel

Lock Prep ▪ 161 lock prep

▪ Deadbolt prep or invisible deadbolt prep (IDB)

Insulation ▪ Polystyrene core

Channels ▪ 16 gauge inverted top and bottom channel

▪ 16 gauge galvanized steel

Frame ▪ Welded top corners

▪ ASA strike prep

▪ Deadbolt prep with filler plate for (IDB)

Frame EZ-Weld ▪ Metal surfaces prepped for easy weld-in frame installation

Finish * ▪ Unfinished galvanized metal surface

Hinge Prep ▪ 41/2" heavy-duty hinges

▪ Non-removable hinge pin

Closer Prep ▪ 14 gauge reinforced steel, standard

Strike ▪ ASA strike prep

▪ Deadbolt prep

Threshold ▪ ADA compliant - 4 3/4" d x 1/2" h

Door Trim ▪ Weatherstrip and door sweep shipped loose

Shipping ▪ In crates of 9

OPTIONS

Lite Kit ▪ Optional 10 x 10 available

WOOD DOORS

Flush Wood Composite

A prefinished door with an oak, walnut or birch veneer. This flush wood interior door has embossed woodgrain detail. Solid core for reducing sound transfer between room and/or meeting fire ratings. Tell Manufacturing sources a variety of quality wood doors.

FEATURES

- Performance**
- 1-3/4" Solid core prefinished embossed veneer finish
 - Standard size 3' x 6'8" x 1-3/4"
 - Handed
 - 20 Minute fire rated
 - Beveled lock edge
 - Standard lock prep for 2-3/4" backset cylindrical lock
 - Standard hinge prep for 3 hinges, 4-1/2" square, standard weight hinges

-
- Warranty**
- 5 Year
-
